

## **An Important Announcement from Terra Sonic International**

Terra Sonic International sold its U.S. Drilling Services Division to Cascade Drilling L.P. in November 2015.

The U.S.-based field services personnel of Terra Sonic will join the ranks of Cascade, effective immediately.

Terra Sonic will continue to offer and provide Sonic Drilling Services outside of the United States in multiple markets.

The company plans to strategically expand its international focus for Sonic Drilling Services and Products directly and through regional partners.

Terra Sonic looks forward to continuing its role as the world leader in the development and advancement of Sonic Technology in a wide variety of markets and locales.
