

PRESS RELEASE

RELEASE DATE: IMMEDIATELY

Terra Sonic International Expands Presence in Memphis

Marietta, Ohio, USA...Terra Sonic International, an industry leader in the manufacture of Sonic Drill Rigs and a provider of Sonic Drilling Services, is expanding its presence in Memphis, Tennessee.

Although Terra Sonic has been offering Sonic Drilling Services from its Memphis location since late 2013, the new, expanded facility will allow for an increased number of Sonic Drill Rigs and Sonic Drilling personnel. The facility opened on October 1, 2014.

"Memphis has been a great location for us," said Blake Cabit, Regional Manager. "This expanded facility will allow us to better serve our customers in the region with the newest, most advanced Sonic Rigs in the industry." Terra Sonic International is committed to exceeding customer expectations and continues to build on its solid reputation of utilizing reliable state of the art equipment, completing projects on time and on budget, and operating safely and professionally.

Headquartered in Marietta, Ohio, Terra Sonic International also has, in addition to the Memphis office, regional service offices in Marietta, Ohio; Aiken, South Carolina; Raleigh, North Carolina; and Orlando, Florida. To learn more visit www.terrasonicinternational.com.
