RELEASE DATE: IMMEDIATELY

Terra Sonic International's Aiken Regional Office Helps Raise Ovarian Cancer Awareness

Marietta, Ohio...Terra Sonic International (TSi), a leading manufacturer and service provider of Sonic Drilling technology, participated in September's Ovarian Cancer Awareness Month at its Aiken, South Carolina Regional Office.

The Aiken office posted teal ribbons both inside and outside its offices in the month of September to help raise awareness. The company was inspired by Aiken organization Gail's Anatomy, founded by Debbie Mills. Mills' daughter Gail lost her battle with ovarian cancer after just three months.

"Posting the ribbons was important to us," said Blake Cabit, regional manager. "Gail's Anatomy has raised over \$22,000 for the American Cancer Society in just six years. At Terra Sonic, we relish opportunities to make a positive impact on the community, and this was a great opportunity to show support for an important organization in our own backyard."

To learn more about Gail's Anatomy visit ovariancancerawareness4life.org. Visit www.terrasoninternational.com to learn more about Terra Sonic products and services.
